THIS SEMINAR WILL BENEFIT THE ENTIRE ORGANISATION

Most successful organisations have recognised that in order to achieve sustainable success it is vital that they become totally 'Customer Focused' and simultaneously that they address and rectify the basic loss drivers.

The development of an enterprise-wide Customer Relationship Management (CRM) programme and Customer Experience Management (Cx) and a new or re-developed or optimised customer service centre, call centre or contact centre will require the endorsement and support of the highest level of executive management. The same applies to the re-development or restructuring or expanding of an existing call centre or contact centre.

SEMINAR FORMAT

The format of this seminar is a high-energy, interactive session that involves delegates and their specific operational issues and challenges. The sharing of non-competitive ideas, techniques and knowledge amongst delegates is encouraged in this energetic, facilitated environment.

Delegates are provided with a comprehensive workbook and a link to download the entire PowerPoint™ slide deck plus video clips and several hundred support documents for later reading as well as given free, unlimited access to the extensive 'Know IT' contact centre information library.
